Location of Training: **Brantford Chamber of Commerce**  
77 Charlotte St, Brantford, ON N3T 2W8 - Phone: (519) 753-2617

### **Understanding ISO 9001:2015**

This one (1) day course is a detailed review and understanding and outlines best practices for quality systems. It will provide participants with a working knowledge and understanding of the ISO 9001 Standard allowing attendees to participate within an audit or implementation of a QMS Management system. Also, an excellent opportunity for current auditors to upgrade their required competency to the upgraded QMS standard

### **ISO 9001:2015 Management Systems Internal Auditor**

This three (3) day course includes Understanding 9001:2015 above plus detailed training on the auditing activity as outlined within the ISO 19011:2018 guideline for auditing. The participants will gain knowledge on the roles of the auditor and provide a working comprehension of planning, conducting, recording final audit results including writing and communication of nonconformance's of a quality management system. Upon successful completion of this course, participants will have the knowledge, competence and ability to become an effective member of an internal audit team within a company.

### **Course Delivery and Materials:**

Course delivery will include lectures and practical exercises.  
A course manual will be provided to each student.

### **All attendees will receive:**

- Course material including slides and manual
- Training purpose only copy of the relevant standards.

### **Personnel that will benefit from this course:**

- Managers/ Supervisors – From all disciplines within the organization
- Quality Management and department personnel
- Individuals wanting to become Internal auditors
- Internal Auditors with previous auditing experience or those needing upgrading to the updated standards
- Quality system implementation teams
